6	Four months before I'd started college, I'd had GRS (gender reassignment surgery) in which my penis had been turned surgically into a vagina.
187	<p>"Do you want to try having sex again?" Arin asked.</p> <p>"You mean the way we did it before?" I said.</p> <p>A couple of weeks earlier Arin and I had tried having intercourse- as in penis-in-vagina sex- which had been a little weird, since in our case the penis was on the female and the vagina belonged to a boy. It had kind of been a virginity kiss for both of us, and while it may not have been totally enjoyable, it had certainly brought us closer.</p> <p>"Let's do it another way," I said now.</p>
217	<p>Todd leaned in and tried to kiss me again. I knew what I was doing was wrong, but in the moment I just couldn't help myself. I put my arms around him and kissed him back.</p> <p>Todd rolled on top of me, putting his hands all over my body. It felt so good. He started to take off my clothes, and I could feel myself getting really turned on. It was as if nothing could stop this. He took off my pants, and I thought, Are we actually doing this? Am I ready? Yes.</p> <p>We started having sex, and it was the sex I'd been waiting years to be able to have, the sex I fantasized about for so long and that for so long had seemed an impossible wish. It was finally actually happening, and it felt amazing.</p>
240	<p>There were two twelve-foot-tall bronze nude sculptures, one male and one female, facing the entrance. We noticed someone rubbing the rubbing the bronze penis on the male.</p> <p>"Everyone does it!" the guy said when he saw us staring. The woman with her took her turn. When they walked away, you could see that some of the bronze had rubbed off, making the statue's- remarkably tiny- penis stand out a shiny gold from the rest of the huge dark sculpture.</p> <p>When in Rome, Arin and I thought, shrugging at each other. We went up and rubbed the good-luck penis too.</p>
